

FUEL STORAGE – TRANSPORTABLE

TRANSCUBE MOBILE REFUELER

TransCube Mounted on to a DOT Approved Trailer for a complete mobile fuel solution. The TransCube Mobile Refueller is designed for travel on construction sites and between projects. This fuel trailer is the most reliable, environmentally secure solution for refueling machinery and equipment on the move.

MODEL: H20TCG-EB

The Transcube Mobile Refueller H20TCG-EB is a safe and reliable fuel storage solution for any location that requires quick refueling of any type of construction or auxiliary equipment.

SECURABLE

Equipment and ports are secure and spills are contained. Secure hose access enables fuelling while cabinet is locked.

LIFTABLE

Liftable by crane.

ENVIRONMENTALLY SAFE

Double-walled, 110% containment eliminates the need for spill pans, UL 142 approved.

TRANSPORTABLE

DOT Approved Trailer for safe and easy travel around and between projects.

MAINTAINABLE

Removable inner tank for routine cleaning, maintenance and inspection.

SPECIFICATIONS

Standard fittings: High accuracy contents gauge; 3" Fill Point; 1" pump feed with flexible dip pipe, strainer & non-return valve; (1) engine feed and return port set; pressure/vacuum vent; breather vent.

Optional fittings: Complete transfer pump kits; water & particulate filter kits; fuel up to (2) feed & return blocks; fuel hose & quick couplers.

Capacity (brim fill) litres:	2,509	Weight empty (kg/lbs):	830kg / 1,814lbs
Capacity (brim fill) US gallons:	552	Weight full (kg/lbs):	2,951kg / 6,194lbs
Capacity (safe fill) US gallons:	525	Approvals:	UL142, CAN/ULC-S601, US DOT, UN-IBC, TRANSPORT CANADA, NFPA30
Dimension length (mm/in):	1,286mm / 90"	Trailer dimensions (L x W x H):	165.2 x 85 x 20.5 in
Dimension width (mm/in):	1,143mm / 45"	Trailer Weight:	1,214 lbs
Dimension height (mm/in):	1,320mm / 52"
